

Why

Delightful Design?

Building software has never been as easy as it is today.

**Delightful Design is now a business differentiator, not a
nice to have.**

▶ Now All we'll design and build

Future All properly designed apps will stick out

Why Delightful Design?

**Building software has never been as easy as it is today.
Delightful Design is now a business differentiator, not a
nice to have.**

- Now All well designed apps stand out**
- Future All poorly designed apps will stick out**

Everyone contributes to Delightful Design
